

# ART & MUSIC, KLOSTERS

PATRONS' ASSOCIATION

Information

«With a symphony of distinguished performers, an intimate concert atmosphere and the magic of the mountains, we create unforgettable cultural moments.»

# Welcome

Klosters summer concerts, which take place at the beginning of August, have been very popular with visitors from near and far, with the local population and with second home owners. After a highly successful Festival in 2019 which was attended by more than 3,000 visitors, preparations are in full swing for Klosters Music 2020. This year is the 250th anniversary of the birth of Ludwig van Beethoven and we will be able to enjoy many exceptional and inspiring concerts in several locations against the background of Klosters' spectacular mountain scenery.

The programme is organised by Foundation Art & Music, Klosters, whose aim is to build a permanent cultural programme of great quality. With the active support of the Patrons' Association, and together with our many local partners, we hope that in this way we can help broaden the attraction of Klosters.

I very much look forward to welcoming you in this summer but we do need your help. The high quality of our programme cannot be sustained on ticket sales alone and we very much hope that, if you already are a Patron, you will consider joining us again this year. The details are below and we should be very grateful.

If you are not yet a Patron, please consider if you can join us. We should greatly appreciate it and again the details are below.

KLOSTERS

# Purpose

The purpose of the Patrons' Association Art & Music, Klosters is to support the activities of the Foundation Art & Music, Klosters both financially and creatively.

The mission statement of the Art & Music, Klosters Foundation is as follows (extract from the Charter):

«The aim of the Foundation is to hold concerts, festivals, exhibitions, readings and other cultural events in Klosters or its environs. In this context, there will also be the potential to contribute to the training and encouragement of artists, musicians and authors, particularly of young performers and creators, without geographical restrictions. The Foundation can furthermore support all types of projects and programmes that further this purpose. To this end, the Foundation can also actively seek out donors, sponsors and patrons. The fulfilment of this purpose should also further the promotion of Klosters and its environs as a location.

The Patrons' Association Art & Music, Klosters will actively support the Foundation.

Any profit realised from the pursuit of the charitable purpose (proceeds of concerts and other events) is used exclusively for the pursuit of this purpose and the perpetuation of the Foundation. The Foundation exclusively pursues charitable purposes, is set up altruistically and not for any gainful activity. It fulfils its purpose charitably and is not profit-oriented.»

# How we see our future

## Klosters Music Positioning

### **exquisite**

Our excellent contacts within the music scene and personal connections to the best classical music artists guarantee the planning of an exquisite programme at the highest artistic level.

### **international**

When engaging our artists for the Festival programme we are guided by international standards. So we aspire to an international reach for Klosters Music.

### **informal**

The intimate setting of our concerts and the informal atmosphere of their surroundings raise our concerts above other events and enable unexpected encounters between artists and the public.

### **unifying**

Klosters Music wants to build bridges between artists and the public, between second home owners and locals, between culture and tourism as well as between Klosters, the Prättigau Valley, Grisons and the world.

### **inspiring**

The sublime alpine mountain environment around the Grisons holiday resort of Klosters inspires artists and the public alike. Far away from the hustle and bustle and the daily grind, our cultural events should inspire and enrich the senses, the spirit and the soul.

# Membership
