PATRONS' ASSOCIATION

«A small, very fine festival, with a certain something that gives it a special place in the music world!»

Pablo Heras-Casado, Conductor, about Klosters Music

Klosters Music is very popular with visitors and culture lovers from far and wide, as well as with the local population and second home owners. Our Patrons' Association supports the renowned concert programme, which plays host to first-rate international artists, both financially and conceptually. Without the generous support of our donors at home and abroad and without the active commitment of the population of Klosters it would not be possible to stage the summer concerts. The revenue from ticket sales alone is not enough to cover the costs. One of our objectives is to work closely with the Art & Music Foundation to continue to promote Klosters as an attractive and vibrant venue. With this in mind, we cordially invite you all to join our Patrons' Association and support our cultural programme in the long-term.
